

University of Maryland, College Park
Informed Consent and Release for On-Campus Research/Internship

In consideration of being permitted to participate in a non-paid, summer program (hereinafter the "Program") with the University of Maryland, College Park's Department of Astronomy in the College of Computer, Mathematical, and Natural Sciences (hereinafter the "University"), I voluntarily agree to indemnify, release and hold harmless the State of Maryland, the University and its officers, agents, employees and volunteers from any and all costs, liabilities, expenses, claims, compensation, demands, causes of action on account of any loss or personal injury to me that might result from my participation with the University, whether arising through my own negligence, omission, default or that of the University.

This Program is scheduled to run from June 20 to August 26 during the hours of 9 am - 5 pm. The majority of my time will be located in office space in the Physical Sciences Complex and Atlantic Building. I understand that I will be exposed to the University's offices, classrooms and laboratories/experiments and supervised by University faculty and staff. Further, I understand that housing and transportation to and from the University are my sole responsibility.

As with any activity, there are certain inherent and unforeseen risks and losses that cannot be prevented. Should I require emergency medical treatment as a result of illness, injury or accident arising during the Program, I consent to such treatment. I will notify the University in writing if I have any medical conditions (e.g., allergies, asthma, epilepsy, bee sting reactions, etc.) that may limit the extent of my physical abilities/participation and about which emergency personnel should be informed. In addition, I understand that I am not included within the University's workers' compensation program.

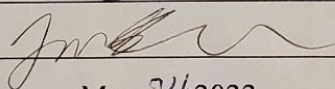

Covid Vaccine Requirement: The University of Maryland (UMD) has made the safety of our students, faculty and staff, and our surrounding communities a top priority. As part of that commitment, UMD requires that the university community complies with University System of Maryland and UMD vaccination requirements to remain up-to-date with their COVID-19 vaccinations. Compliance with the vaccination requirement means submitting proof of up-to-date vaccination* as defined by the CDC, to include the booster when eligibility requirements are met as defined by the CDC, or receiving an approved medical or religious exemption. Prospective or new university community members may provide proof of their up-to-date vaccination status to Department Chair Dr. Andrew Harris (AHarris1@umd.edu). If a medical or religious exception to the vaccination requirement is desired, please inform Dr. Harris. All University community members must have an approved exception prior to the start of their activities on campus.

I have read and signed this document with full knowledge of its significance. I further state that I am either 18 years of age or older and competent to sign this Consent and Release, or that I have discussed this with my parents/legal guardian, who agree with my decision to participate in the Program and to all of the terms and conditions stated above.

Name of Participant (Print):

Justin Chen

Signature of Participant:

Date:

May 24 2022

If Participant is under 18:

Name of Parent/Guardian

Dave & Eva Chen
